

Couple Consent Form for Marriage Mentoring

(to be completed in the first mentoring session)

We understand that we are voluntarily entering into a relationship with a marriage mentor couple in order to build our relational skills, learn from the experiences and insights of our mentors, and strengthen our couple relationship.

We recognize that our marriage mentors are not professional counselors and their contributions to the mentoring process are not informed by professional training, but by valuable experience as a happily married couple.

We understand that the results of our Couple Survey and any information discussed during the mentoring process will be kept confidential by the marriage mentors. The marriage mentors can, however, share the Couple Survey results, and any other relevant information divulged during the mentoring process, with their officiating pastor.

We understand that at any time we may terminate the marriage mentor process and request that a new marriage mentor couple be assigned to us if we are unhappy with how the process is going.
